The Steadfast Trust is a registered charity, which exists to promote the education, legal rights, welfare, and overall interests of the indigenous English community.

Would you like to support an English charity?

We aim to help English people of all ages and from all walks of life but our first priority is to promote self-confidence and optimism amongst the young. Too many English children have a negative view of themselves and their community. We can all see the consequences of this every single day. Steadfast aims to help remedy that situation.

We Believe:

- It is beneficial for all English people and particularly the young to have a greater understanding and appreciation of their own unique culture, heritage and identity.
- A sense of identity and belonging is essential to developing communal responsibility. These qualities help promote confidence and self-respect, and make people more considerate of those around them. We want our children to be optimistic and ambitious.
- Our English culture and heritage should not be forgotten. These are important to us and should be promoted as something positive in our lives and the lives of our children.

We see our charity as a family – Become it's latest member.
